Title (to be scheduled after the session proposed above):

Integrating Education for Sustainable Development into the activities of the Carpathian Convention – planning the next steps and recommendations to the COP6.

Workshop description:

The workshop will bring together stakeholders and experts, who have been engaged in the previous ESD-related activities of the Carpathian Convention, as well as ESD experts who will be engaged in these activities in the future.

The workshop will aim at establishing an expert group, consisting of representatives of all Carpathian Countries, and planning the next ESD-related activities of the Carpathian Convention, including but not limited to:

- Recommendations to be proposed to the COP 6
- Participation of ESD experts in the workshop planned by GRID/UNEP – Warsaw, to take place in November 2020
- Planning and fundraising for the second Carpathian ESD Seminar, to take place during WEEC 2021 in Prague, Czech Republic
- Potential for organizing a Carpathian teacher training
- Accompanying Carpathian ESD activities with transdisciplinary research

The format of the workshop will most likely be:

- introductory presentation
- World Café
- Group discussion and conclusions

Minimum and maximum number of supposed participants: 5-30

Duration: 1.5 hours
